

Shipping Instructions for Trophies

Notify us at Allen Palermo Taxidermy 979-778-1020 prior to your hunt. Complete the routing instructions form (see accompanying documents on website) and make 4 copies to take with you on your hunt. Leave these forms with your outfitter. Please follow these instructions carefully to insure we receive your trophies without delay.

Laminated Tags:

Allen Palermo Taxidermy will provide you with laminated business cards with your name and our broker information to insure your trophies are directed to our facility. Please attach to each animal's horns, skull and hides. This will ensure we receive your trophies.

Permits:

Some animals require CITES permits such as leopards, elephants, bontebok, etc. Permits need to be completed as soon as possible. Please feel free to contact a Pro Cargo International Freight Forwarder Custom Agent to assist you with any questions, Cindi Rulon 281-220-3176 CindiRulon@Procargousa.com or John Rulon 281-220-3158 John.Rulon@Procargousa.com. Once you have received your permit, please email a copy to Cindi or John at Pro Cargo USA, then they will instruct you to mail the original (always keep a copy for your records).

Broker:

Our broker, Pro Cargo USA, Inc., will receive your trophies and clear them with USDA and Fish and Wildlife Services, then forward them to our tannery. Pro Cargo USA will also need a Power of Attorney completed to clear your trophies. (See accompanying documents on website)
